Law Proposed by initiative petition

Shall the proposed for an additional method of nominating candidates for nomination at
the state primaries in September, by means of petitions for those offices
to be filed by all the voters of the Commonwealth at the state election;
It provides that the state conventions of the political parties in each state election year
shall be held before and not after the state primaries as now. namely not later than June 15
In order to elect delegates to such party conventions party primaries are established to be
held on the last Tuesday in April. Among other things these state conventions may endorse
candidates for offices to be filled by all the voters and may be voted upon at the state primaries
Such endorsement places a candidate in nomination at such state primaries without the ne-
cessity of filing nomination papers. The name of the endorsed candidate or a designation
on the ballot and against this name is to be placed the words "endorsed" or the name of political party convention
in addition to the eight word statement now authorized by law Candidates endorsed at a state con-
convention may accept such endorsement within ten days and having so accepted
may not withdraw. It also provides for the election of certain members of state
conventions and members of Ward and Town Committees at the regular party primaries

to appoint as well as delegates to the state party convention instead of the State primaries in September as now. It also provides for the election of delegates to the national convention (to nominate candidates for President) at the proposed party primary instead of at the present. The Time of notice to the State Secretary by aldermen or selectmen of their determination to hold primaries in wards, precincts or groups of precincts, to be by ward instead of August 1. as now. The names of candidates for election for delegate to a state convention and for district members of a state committee to be arranged in order by lot instead of in groups arranged by lot as now

Vacancies in the office of delegate to a state or national convention not to be filled except in case of a tie vote and then by delegates from the same district within ten days and if number delegates or if not so filled then by a state committee, rather than solely by the remaining members of the delegation: and statement of filling of such vacancy to be filed with the Secretary of State.

Voting of delegate at State conventions to be in groups by senatorial districts and order of business at said conventions defined, Voting on candidates by a candidate to be by roll call if more than one candidate for the office or by groups of delegates unless any member of such group objects.

The number of members at large of a state committee of a political party to be fixed by the State convention of a party instead of by the state committee as now. The existing provisions as to the preparation and filing nomination papers of candidates to nomination preparation numbers and signatures arrangement and form of ballots Times during which polls shall be open opening of ballot boxes canvass and returns of votes, return and certification of votes now applicable to state primaries to be applicable to the proposed party primaries.
